SpotMe: Elevating in-person and hybrid events
Your ultimate solution for seamless event experiences

SpotMe offers a comprehensive platform for enterprises to deliver engaging, interactive, and seamless in-person and hybrid events. Whether your audience is on-site or attending virtually, SpotMe ensures a unified experience that drives engagement, enhances communication, and delivers measurable results.

What is the SpotMe in-person and hybrid event solution?

SpotMe's in-person and hybrid event solution is a robust, scalable platform designed for enterprise-level events. It combines advanced technology with user-friendly interfaces to create an interactive environment, where participants can connect, collaborate, and engage. Whether it's a global conference, product launch, or corporate meeting, SpotMe empowers organizers to deliver professional, impactful experiences.

Through a unified platform, you can manage on-site and virtual audiences, ensuring that both receive the same high level of interaction, access to content, and networking opportunities. With customizable branding, analytics, and integrations, SpotMe helps enterprises maximize event ROI while delivering memorable experiences for every attendee.

Your advantages

SpotMe is designed with the needs of large enterprises in mind, offering a range of core benefits:

– **Unified experience:** Seamlessly bridge the gap between virtual and in-person attendees with one integrated platform, ensuring consistent engagement across all formats.

– **Customization & branding:** Tailor the look and feel of the event platform to match your corporate identity, ensuring a professional and cohesive experience.

– **Scalability:** Handle events of any size, from intimate corporate gatherings to large-scale conferences, with a platform that grows with your needs.

– **Data-driven insights:** Utilize real-time analytics and reporting to understand attendee behavior, engagement levels, and the overall success of your event, allowing for continuous improvement.

– **Interactivity & engagement tools:** Empower participants with features like live polls, Q&A sessions, and networking opportunities to foster collaboration and interaction regardless of location.

How the SpotMe in-person and virtual event solution works

SpotMe operates on an intuitive platform that merges virtual and in-person functionalities to create a unified event experience. Here's how it works:
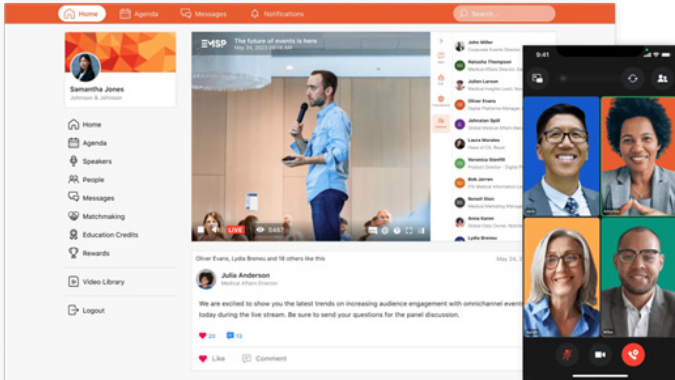

Event creation & customization
Organizers can build fully branded event experiences using an easy-to-navigate interface. Whether it's setting up virtual sessions, managing on-site check-ins, or deploying event apps, SpotMe offers tools for seamless event preparation.

Attendee management
Manage both on-site and remote attendees from one centralized platform, ensuring smooth registrations, check-ins, and attendee tracking.

Engagement tools
Leverage real-time features like live chat, Q&A, polls, and breakout rooms to drive interaction. In-person attendees can use their devices to access the same tools as virtual participants, ensuring a cohesive experience.

Content sharing & streaming
Stream live sessions for virtual audiences while providing on-demand content for both virtual and in-person attendees. With SpotMe, all participants have access to the same presentations, recordings, and resources.

Data & analytics
SpotMe's powerful analytics dashboard helps you track attendee engagement and collect valuable insights on the fly, enabling post-event analysis and improvements.

The services

SpotMe provides a full suite of services to support your event's success from start to finish:

– **Event strategy consultation:** Work with experts to design and plan your event for maximum impact, ensuring that both in-person and virtual components are cohesive and effective.
– **On-site & remote support:** Benefit from SpotMe's dedicated support team to handle any issues during the event, whether on-site or virtual.
– **Customization & development:** Get tailor-made solutions to meet your specific event requirements, from custom branding to bespoke app features.
– **Training & onboarding:** Ensure your team and event staff are fully equipped to manage the event using SpotMe's platform through comprehensive training sessions.

Compatible with other interfaces

SpotMe integrates seamlessly with a wide range of enterprise tools and systems, allowing for enhanced flexibility and functionality:

– **marketing automation:** Integrate with tools like Salesforce, HubSpot, and Marketo to streamline attendee data and follow-up efforts.
– **Event registration systems:** SpotMe can connect with platforms such as Eventbrite and Cvent, making attendee management effortless.
– **Video conferencing tools:** Compatible with major video conferencing platforms like Zoom, Microsoft Teams, and Webex to ensure a smooth hybrid event experience.
– **Social media & collaboration platforms:** Engage attendees through social media integrations and collaboration platforms such as Slack and LinkedIn, amplifying event reach and interaction.

With these integrations, SpotMe offers a powerful, unified system that enhances both event management and attendee experience.
