

Diartis Academy

Advanced training at the highest level for the social sector

Optimize your employees' skills with custom e-learning solutions.

In today's rapidly changing world of work, continuous training and skills development are essential, especially in the social sphere. Diartis Academy offers you and your employees flexible and practical e-learning courses that are specially tailored to the needs of the social sector. Our service enables you to train your teams in a targeted and efficient manner so that your organization is always equipped to tackle current challenges.

What can e-learning do for the social sector?

E-learning is the modern answer to the requirements for further training in the social sector. Diartis Academy offers e-learning courses and a practical and well-designed platform that provides knowledge that can be integrated directly into everyday working life. With our courses, your employees can expand and deepen their skills at any time and from any location. As well as saving you time and money, this also ensures that your team is always up to date in order to provide the best possible social services.

Advantages of Diartis Academy

1. Industry focus

Diartis Academy is specifically designed to meet the needs of the social sector. Our courses are practice-oriented and take into account the specific challenges facing your organization. Our core competences include basic specialist training in statutory social sector work and training in the software tools used.

2. Flexibility and scalability

Whether your employees are learning from home or in the office, our products are adapted to their needs. You can also adapt the learning opportunities to the size of your organization at any time.

3. High-quality content

All Diartis Academy courses are developed by experienced professionals and provide in-depth knowledge that can be applied immediately in practice.

4. Efficient use of resources

With our e-learning courses, you can reduce costs for external training and travel, and minimize downtime in your everyday business.

5. User-friendly platform

The intuitive operation of the platform makes it possible for your employees to get started quickly and ensures a high level of acceptance.

The services

Personalized advice and support

We support you from suitable course selection through to implementation and beyond. Our team is always there to ensure that your learning goals are met.

Customized learning paths

Together with you, we develop learning paths that are carefully tailored to the needs of your organization and your employees.

Regular updates and enhancements

Diartis Academy ensures that the course content is always up to date. New developments and requirements in the social sector are continuously incorporated into our services.

Certification and supporting documents

Upon completion of the courses, your employees will receive certificates documenting their newly acquired skills and supporting their professional development.

Diartis Academy enables you to create the basis for future-oriented further training in your organization.

Take advantage of our service to best prepare your employees for the challenges of the social sector and successfully advance your organization.
